Request for Listing of New Reference

As a preliminary matter, Applicant notes that the Examiner has cited a new reference in framing the rejection of the claims. The reference was not cited on form 1499 or equivalent in an IDS, nor was it listed in a USPTO form 892 by the Examiner. Applicants obtained a copy on their own, but respectfully request the Examiner to list the Takase patent on a form 892 so that the references will be listed on the face of the patent when issued.
